

Role: Journeyman Glazier

Location: Calgary

Reports to: Foreman

Hours: Monday to Friday (40 to 44 hrs/week)
Monday to Friday, occasional OT or weekend work to meet deadlines

Building Long Term is one of our core values. It means building lasting relationships with our customers, creating rewarding careers for our employees, and investing in the future of our industry. Our team members have an average length of service of 10+ years, and many of our leaders started their careers on the tools before advancing into supervisory and management roles.

Duties:

Journeyman Glaziers perform some or all of the following duties:

- Read and interpret blueprints and specifications to determine type and thickness of glass, frame, installation procedure and materials required
- Measure and mark glass and cut glass using glass cutters or computerized cutter
- Tint glass and create patterns on glass by etching, sandblasting or painting designs
- Assemble, erect and dismantle scaffolds, rigging and hoisting equipment
- Position glass panes into frames and secure glass using clips, points or moldings
- Assemble and install prefabricated glass, mirrors or glass products on walls, ceilings or exteriors of building
- Fabricate metal frames for glass installation
- Install, fit, fabricate and attach architectural metals or related substitute products in commercial and residential buildings
- Install pre-cut mirrors and opaque and transparent glass panels in frames to form exterior walls of buildings
- Prepare and install skylights and other special glass in commercial and institutional establishments
- Repair and service commercial aluminum doors and other glass supporting structures, and replace damaged glass or faulty sealant

Qualifications/Requirements:

- Completion of a three or four year apprenticeship program from a recognized institution
- Aptitude with math, measuring, and use of hand and power tools
- Some blue print reading
- Preference to those with a valid Alberta Class 5 driver's license (drivers abstract will be required)
- Physically fit to be able to perform within the working conditions
- Fluent reading, writing and speaking in English
- Legally able to work in Canada
- Mandatory to wear/use: CSA steel toed 8" workboots and company issued PPE
- Positive, friendly and focused individual who is highly organized

Working conditions:

- Moderate exposure to noise
 - Exposure to chemicals used in the glazing industry
 - May need to work at heights using a harness and other PPE
 - Frequently assigned to changing priorities
 - Use of Personal Protection Equipment will be required in designated areas
 - Comfortable with heights and working on scaffolding and lifts
 - Able to stand for long periods of time often requiring a lot of bending at the waist or kneeling
- Lift/Carry up to 100 lbs.
